Dale,

I would like to take this opportunity to commend Royalty Company for the quality work, timeline and clean up of the roofing project just completed at the North Knox Junior High / High School building. The Board of School Trustees and I are also very happy with the Duro Last projects completed last year at the Primary and Intermediate Schools. It gives us peace of mind to know that we are covered under the 15 year warranty. Work of this quality makes us pleased that we chose a trusted company such as Royalty.

Sincerely;

Dr. Darrel Bobe, Superintendent
North Knox School Corporation
