Roofing Integrity, Quality, Value and Service Since 1986

Duro-Last[®] Roofing Honors Royalty Roofing of Seymour, Indiana, With JRB Award

SAGINAW, MICHIGAN – Duro-Last Roofing, Inc. honored Royalty Roofing, a Duro-Last Platinum Contractor, of Seymour, Indiana, during Duro-Last's National Sales Seminar held in Palm Desert, California, January 31-February 2, 2016. In recognition of outstanding achievement in quality workmanship, customer satisfaction, and 2015 sales excellence, Duro-Last presented Royalty Roofing with the JRB Award, which honors contractors who achieve more than \$4 million in sales.

"Royalty Roofing is the prime example of why Duro-Last contractors are "Best in Class," said Duro-Last Chairman of the Board, Jack Burt. "Royalty consistently provides their customers with top-quality roofing solutions and they stand behind their work with integrity. We are extremely privileged to have Royalty Roofing as an authorized contractor, and to have them represent Duro-Last in the marketplace."

"We are honored to accept an award named after Duro-Last's founder, John R. Burt, who was a hard-working, innovative entrepreneur," said Andy Royalty, President of Royalty Roofing. "2015 was a terrific year for Royalty, both in terms of growing our business and serving our customers by finding effective commercial roofing solutions. We look forward to continuing our strong relationship with Duro-Last and feel confident that the year ahead will be another successful one."

Andy Royalty is also a member of the Duro-Last Contractor Advisory Board. The Board's mission is to establish and maintain an open line of communication between Duro-Last and its authorized contractors throughout North America. This forum is used to discuss new installation techniques, product development, innovative marketing ideas, and keys to selling that are critical to the success of both companies.

About Duro-Last[®], Inc.: Known as the manufacturer of the “World’s Best Roof[®]”, Duro-Last is the world’s largest producer of custom prefabricated, thermoplastic single-ply roofing systems. Factory controlled custom prefabrication eliminates up to 85% of field seams, resulting in lower on-side labor costs and easier installation. This highly sustainable and extremely durable roofing system is leak-proof, virtually maintenance-free and resistant to chemicals, fire, punctures, and high winds. Over two billion square feet of Duro-Last membrane have been installed throughout North America. Duro-Last is headquartered with a manufacturing facility in Saginaw, Michigan, and has additional manufacturing facilities in Carrollton, Texas; Grants Pass, Oregon; Jackson, Mississippi; and Sigourney, Iowa.
