

March 22, 2017

To Whom It May Concern:

I am pleased to inform you that Royalty Roofing of Seymour, Indiana, has been an authorized Duro-Last dealer/contractor in good standing since 1995. During this period, they have performed well, both technically and as a dynamic independent business that markets the Duro-Last roofing system.

Royalty Roofing has installed over 30 million square feet of Duro-Last material and is an annual winner of Duro-Last sales awards, based on volume. Royalty has been a multiple recipient of the Golden Eagle award for annual sales over \$2 million and the John R. Burt Award for annual sales over \$6 million.

Through inspections performed by Duro-Last's Quality Assurance Department, Royalty Roofing has earned excellent ratings on Duro-Last projects. In fact, Royalty is a leader in Duro-Last's network of highly experienced contractors, having achieved Duro-Last's Master and Elite Contractor recognition since 1997. In 2015, Royalty was elevated to Platinum Contractor status, awarded by Duro-Last based on Royalty's volume of square footage installed and the company's consistently high quality installation scores. This achievement has been reached by fewer than 2% of Duro-Last's authorized installers.

We are proud to have Royalty Roofing as a member of the Duro-Last dealer/contractor network.

Sincerely,

Steve Ruth  
Vice President of Sales
